

## REMARKS

### **I. Status of the Claims**

Claims 1 and 3-39, and 70-116 are pending in the application. Claims 1 and 3-39 are allowed, 79, 81, 84-116, and claims 80, 82 and 83 are objected to. The specific grounds for rejection, and applicants' response thereto, are set out in detail below.

### **II. Rejection Under 35 U.S.C. §112, Second Paragraph**

Claims 87, 97 and 99 are rejected as indefinite. Applicants have amended each of the claims to address the examiner's concerns, thereby overcoming the rejections. Reconsideration and withdrawal of the rejection is therefore respectfully requested.

### **III. Rejection Under 35 U.S.C. §102**

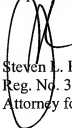

Claims 79, 81, 84-86, 89, 91-105 and 107 are rejected as allegedly anticipated by Huang *et al.* Applicants traverse, but in the interest of advancing the prosecution, claim 79 has been amended to recite the limitations of claim 82, which is not rejected. Reconsideration and withdrawal of the rejection is therefore respectfully requested.

### **IV. Conclusion**

In light of the foregoing, applicants respectfully submit that all claims are in condition for allowance, and an early notification to the effect is earnestly solicited. The examiner is invited to

contact the undersigned attorney at (512) 536-3184 with any questions, comments or suggestions relating to the referenced patent application.

Respectfully submitted,

A handwritten signature in black ink, appearing to be 'SLH', enclosed within a large, loopy circular flourish.
